

LIONS AND HIPPOS AND MONKEYS! OH, MY!

Buckle up, because you're
in for a wild safari adventure.

You and your kids will have
a roaring good time playing
the games, and making the
crafts and recipes inside—
all inspired by DreamWorks
Madagascar: Escape 2 Africa.
All you need is some paper,
scissors, glue, and a little
imagination.

Set the Scene

With a few simple decorating tricks and craft projects, you can help your kids transform their bedrooms—or a common room—into a safari scene from *Madagascar: Escape 2 Africa*.

LUSH CANOPY

Hang green streamers from the ceiling. Cut out leaves and flowers using artwork provided on page 7, and attach to streamers to create a canopy of trees. Houseplants can make the area feel lush as well.

WILD ANIMAL TRACKS

Using the included templates as a guide, cut hoof prints from brown paper bags or construction paper and tape them to the floor to create tracks. Have your kids gather their stuffed animals together and arrange them around the room.

PENGUINS AND PLANES

They may not be native to Africa, but the penguins Skipper, Kowalski, Private, and Rico fit right in among the movie's cast of wild characters. Create your own **Madagascar 2 cool 3-D paper penguins*** or **Madagascar 2 high-flying 3-D planes*** to add to your safari scene.

DRESS THE PART

To get kids in the spirit of the jungle, break out their khakis and vests, and add sun helmets if you've got them. You can even make safari binoculars using two empty toilet paper rolls taped together, with a yarn strap to keep them on little necks.

Big Game Hunting

Whether you're having a safari party or just a day at home, these games will deliver a wildly good time.

SAFARI HUNT

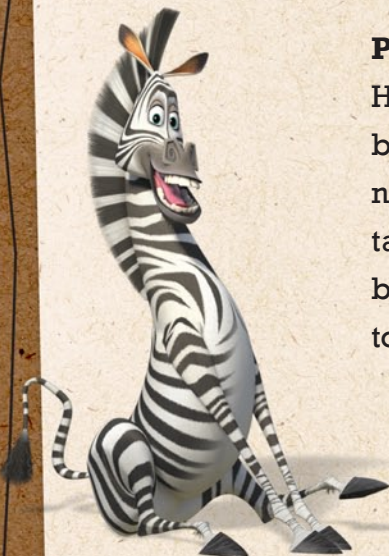

Create a safari scavenger hunt by first hiding stuffed or plastic animals around the yard or house. Cut hoof or paw prints of those animals out of paper and place in a hat. Have kids pick out an equal number of prints, determine whose prints they are, and then set off on their hunt to find those animals.

WILD ANIMAL CHARADES

Write the names of various wild animals—monkeys, lions, and giraffes—on slips of paper and place in a bowl. Have your kids and their friends take turns choosing one and acting like that animal. Whoever guesses correctly goes next.

COLORFUL CREATURES

When you and your kids need a little quiet, creative time, the **Madagascar 2 coloring pages*** and **Madagascar 2 connect the dots*** are the perfect activities. Just download and print, and they will provide your kids with hours of fun—and some cool animal art to hang on their walls.

PIN THE TAIL ON THE ZEBRA

Here's a wild twist on an old classic. Cut a zebra out of poster board, and matching tails from cardstock paper. Write players names on the front of each tail and place a piece of double stick tape on the back. Use a strip of animal print fabric as a blindfold. Give each player a spin and see how close they get to pinning the tail where it belongs.

Creature Quiz

How well do you know the habits of wild animals? Test your safari smarts by answering the multiple-choice questions below. You'll find the answers at the end of this booklet.

1. How do zebras travel?

- A. In herds
- B. In pairs
- C. Alone
- D. In flocks

2. What is special about a zebra's stripes?

- A. They glow in dark
- B. They disappear as they age
- C. No two patterns are alike
- D. They are identical

3. What do zebras like to eat?

- A. Berries
- B. Eggs
- C. Insects
- D. Grass

4. How wide are a hippo's lips?

- A. 1 foot
- B. 2 feet
- C. 3 feet
- D. 4 feet

5. When do Hippos eat?

- A. In the morning
- B. In the afternoon
- C. At night
- D. When alone

6. How do hippos like to live?

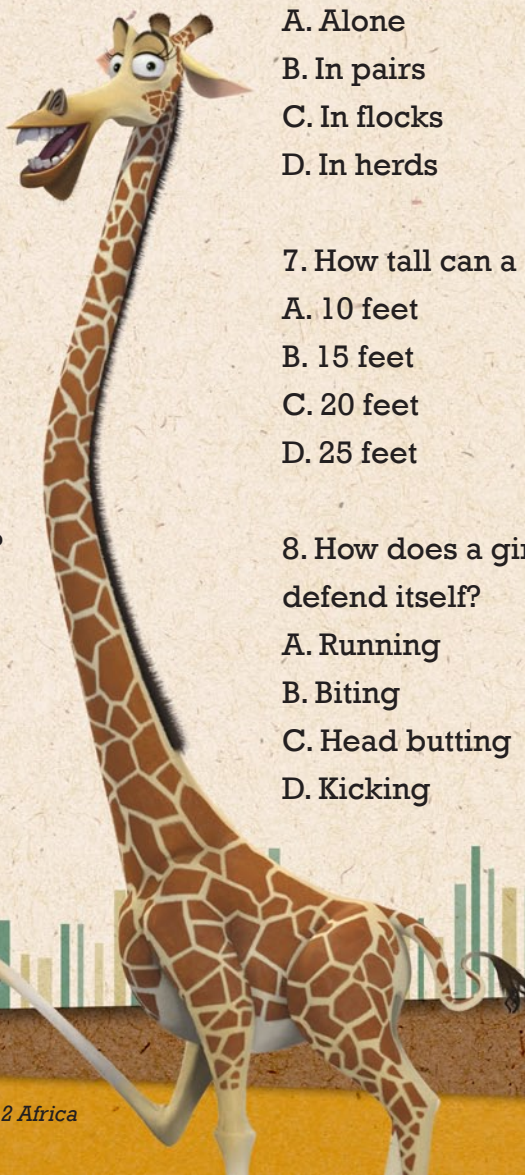

- A. Alone
- B. In pairs
- C. In flocks
- D. In herds

7. How tall can a giraffe grow?

- A. 10 feet
- B. 15 feet
- C. 20 feet
- D. 25 feet

8. How does a giraffe generally defend itself?

- A. Running
- B. Biting
- C. Head butting
- D. Kicking

Creature Quiz [continued]

9. How long can chimpanzees live?

- A. 20 years
- B. 30 years
- C. 40 years
- D. 50 years

10. Chimpanzees use tools to do what?

- A. Get food
- B. Use as weapons
- C. Scratch
- D. All of the above

11. Chimpanzees like to eat what?

- A. Fruit
- B. Nuts
- C. Insects
- D. All of the above

12. Who hatches a penguin's egg?

- A. The mother
- B. The father
- C. A number of females take turns
- D. The grandmother

13. What is a baby penguin's first meal?

- A. Mother's milk
- B. Shrimp
- C. Fish from its mother's stomach
- D. Fish its father collected

14. A rhino's horn is actually made from what?

- A. Bone
- B. Matted hair
- C. Wood
- D. Ivory

15. In a pride of lions, who does the most hunting?

- A. The adult males
- B. The cubs
- C. The females
- D. The teenage males

16. Baby elephants are called what?

- A. Pups
- B. Calves
- C. Cubs
- D. Colts

Ferocious Feast

Wow your kids with a meal of animal-inspired treats. And if you're packing these provisions for your kids' exotic expeditions to school, don't forget to include a **Madagascar 2 lunchbox note*** to brighten their day.

SAFARI SANDWICHES

Use animal shaped cookie cutters to create fun finger sandwiches out of your kids' favorite sandwich ingredients.

MONKEY POPS

Peel bananas and cut them in half across the middle. Push a craft stick through the flat end, until it's inserted at least halfway through each banana. Place inside a freezer bag and freeze. Dip frozen banana pops into yogurt or chocolate sauce, and serve.

DIRT CAKES

Prepare any cake mix according to directions on the box. Place cupcake liners in a muffin pan, and fill each about 3/4 full with batter. Then, bake the cupcakes according to the instructions on the cake box. Remove from oven and allow to cool. Apply frosting, followed by smashed up Oreo cookies. Carefully arrange one or two gummy worms on top of each of the cupcakes to finish it off.
